### **DETAILED ACTION**

This communication is in response to applicant's amendment which is filed June 30, 2005.

The proposed amendment has been entered and made of record. Claims 1, 3-5, 11-12, 17 and 20 have been amended to more particularly point out and distinctly claim the invention.

Claim 20 is cancelled. A new claim 21 is introduced.

### **EXAMINER'S AMENDMENT**

Authorization for this examiner's amendment was given in a telephone interview with Kevin Mierzwe on September 18, 2005.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The claims have been amended as follows:

Referring to claim 1, lines 1 and 2, replace "a system for operating a remote device from an automotive vehicle comprising" to "a system for operating a remote device from an automotive vehicle having a security module comprising:"

*Allowable Subject Matter*

Applicant's amendment with respect to the pending claims 1, 3-5, 11-12, 17 and 20, filed June 30, 2005, places the application in condition for allowance.

Claims 1, 3-5, 11-12, 17 and 20 are allowed as evident by applicant's amendment and argument.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose or suggest a transmitter controller coupled to the memory and the push button, said transmitter controller disabling operation of the push button until the first coded signal matches the memory code, when the first coded signal matches the memory code enabling the push button, the transmitter controller generating a wireless control signal for operating the remote device in response to activating the push button.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
